

Sleepyhead
BALANCE®

Essex

FIRM-MEDIUM

Our Balance beds are all made at the Sleepyhead factory right here in Christchurch. We spin the wire to create the springs and evenly heat temper them so they provided independently balanced support. We make our own eco-friendly Dreamfoam® to ensure the foam comes out just right and feels fantastic. You can trust that every Sleepyhead goes out the door with our highest quality guarantee.

FIBRE: WOOL
naturally luxurious

Dust-mite resistant and hypo-allergenic while helping to regulate body temperatures.

Dreamfoam®
environmentally friendly

High density unique foam structure with a firm feel provides extra support and luxurious comfort.

POCKETSPRING
3-zone independent support

A 3 zone support system featuring alternating zones of Tri-Sense, a two-stage pocket coil which detects & deflects pressure, and independent pocket springs for reduced partner disturbance and increased comfort.

COMFORT: EDGE
edge to edge support

Solid foam edge provides support right to the edge of the mattress which reduces the roll out feeling.
